BM-05 App-B ENVIRONMENTAL POLICY STATEMENT

Tuffa Tanks (UK) Ltd is an independent, family owned tank design and manufacturing and supply company based in Uttoxeter Staffordshire.

Our Company recognises the need to positively manage the impact of its activities on the environment. As such, we are fully committed to compliance with the applicable legislative requirements and through the implementation of our environmental management system to **BS EN ISO 14001:2015**.

As an organisation we are committed to continual improvement in our environmental performance and we set defined environmental objectives and targets, based on our significant environmental aspects.

In order to reduce the environmental impacts of our business we shall:

Take all necessary and practicable steps to prevent pollution;

Make all of our operations including the use of equipment, vehicles and all off site operations as efficient as possible;

Work with our customers, suppliers and contractors in order to positively influence their environmental performance;

Minimise the production of waste, to recycle where practicable and ensure the correct and legal disposal of all remaining materials;

Demonstrate the efficient use of natural resources, seeking opportunities to minimise waste and to re-use or recycle materials;

Provide relevant information and training to persons working on our behalf in order to support our environmental management system.

Our Environmental Policy is available to all interested parties via our website and is reviewed regularly as part of our management review process where appropriate corrective and preventive action will be implemented where necessary.

Approved By:

James Shenton **Director**
